Introduction

About us:

Metal Coating Process, LLC is a sole proprietor operating for over 35 years in the electropolishing industry as an expert consultant. MCP, LLC, is a non-stocking distributor of chemicals, equipment, and process technology to electropolish stainless steels and other specialty metals.

ESG Governance:

Owner/operator sets and implements policies and operational controls for environmental, health, safety and social risks.

ESG Commitment:

MCP, LLC strives to operate in a manner to promote sustainability, health, safety, and social responsibility through innovative solutions and ESG performance. This commitment includes how we design EP systems and collaborate with suppliers and manufacturers.

Environmental Stewardship

1.1 Overview

We aim to install environmental stewardship in all aspects of our business. It is our responsibility to minimize the energy, carbon, water and waste impacts of our business.

1.2 Corporate Office

Although the environmental impacts of our corporate operation is small, we believe it is important to live our values.

We have adopted sustainability policies for our HQ that include energy-efficient lighting and appliances, water-efficient fixtures, solar panels for electricity, limiting printed materials, and recycling.

1.3 Procurement

MCP, LLC is a non-stocking distributor of electropolishing chemicals and equipment. All suppliers and manufacturers fall under the oversight of the following government agencies and organizations: EPA – Environmental Protection Agency, United States Department of Labor, OSHA – Occupational Safety and Health Administration, the United States Department of Transportation, the United States Nuclear Regulatory Commission, and the PHMSA – Pipeline and Hazardous Materials Safety Administration.

1.4 Engaging with Others

MCP, LLC controls only a small part of the industry's environmental footprint. We aim to proactively engage suppliers, manufacturers and customers.

Social Responsibility

2.1 Overview

MCP, LLC is a single-member limited liability company. As of the writing of this document we do not retain staff.

We strive to be a valued partner to our clients, community, and world.

2.2 Health and Safety

The health and safety of our vendors and customers is of the utmost importance to us. We adhere to leading health and safety standards.

2.2 Security

MCP, LLC takes the security of our suppliers, manufacturers, and customers' data seriously. Online presence security certificate and firewall is updated regularly, only a dedicated internet access is used for all business transactions, passwords are changed frequently, and the office is in a private building. We adhere to all PCI Council's security standards. We participate in on going cyber security training.

Governance

3.1 Overview

MCP, LLC views good governance as essential to preserving value for our suppliers, manufacturers and customers.

We comply with all applicable laws, rules, and regulations.

3.2 Doing what is right

MCP, LLC and its sole member, conduct themselves with the highest moral and ethical standards. We are committed to a fair work environment with our partners that we do business with.
